

VENKATESWARLU DERANGULA

Senior Platform Engineer | AWS | Kubernetes

vderangula44@gmail.com • +91 7780569119 • www.linkedin.com/in/venkateswarlu-derangula • India • Open to Relocation

Summary

DevOps and platform engineering professional with around 10 years of experience delivering infrastructure automation, container platforms, CI/CD, and production reliability. Hands-on delivery experience includes AWS, Terraform, Kubernetes, CI/CD, Docker, Ansible. Holds AWS Certified Solutions Architect – Professional, Certified Kubernetes Administrator (CKA), Google Cloud Certified Professional Cloud Architect certifications.

Skills

AWS • GCP • Kubernetes • Terraform • Python • Docker • Prometheus • Grafana • Observability • DevOps • Platform Engineering • Ansible • Git • RDS • GitHub • Bash • Problem-Solving • Cloud Platforms • GitHub Actions • CICD • MLOps • Azure • Microservices • DevSecOps • Airflow • IAC • ELK Stack • Nginx • API Gateway • Jenkins • EC2 • S3 • AWS Lambda • Sonar • GitLab CI • JFrog Artifactory

Certifications

AWS Certified Solutions Architect – Professional
Certified Kubernetes Administrator (CKA)
Google Cloud Certified Professional Cloud Architect

Experience

Infinite Computer Solutions

Bengaluru

Technical Lead

09/2023 - Present

- Architected and provisioned scalable AWS infrastructure using Terraform, achieving full IaC adoption and reducing manual effort by 75%.
- Led Kubernetes platform engineering for production-grade EKS clusters, ensuring 99.99% availability and optimizing cloud costs.
- Developed secure API gateway and ingress architecture, efficiently handling over 100K microservices requests daily for enhanced operational excellence.
- Transformed CI/CD processes by migrating from Jenkins to GitHub Actions, standardizing workflows and enabling daily releases with increased security.
- Enhanced observability by creating centralized monitoring systems with ELK, Prometheus, and Grafana, significantly reducing MTTR by identifying anomalies swiftly.
- Integrated MLOps workflows within Kubernetes, automating ML model training and deployment processes, leading to a 30% increase in operational efficiency.

Capgemini Technology Solutions

Bengaluru

Professional II

07/2022 - 09/2023

- Developed and implemented CI/CD pipelines using Jenkins, Docker, and Kubernetes, resulting in a 40% increase in deployment velocity across digital platforms.
- Automated provisioning of resilient cloud infrastructure on AWS with Terraform, improving scalability and standardization of environments.
- Enhanced observability and monitoring frameworks with Prometheus and Grafana, strengthening system reliability and expediting incident response times.
- Led production incident management and root cause analysis, achieving a 25% reduction in recurring issues and enhancing overall system stability.
- Collaborated with cross-functional teams to drive DevOps adoption, significantly improving delivery efficiency and operational excellence.

Societe Generale

Bengaluru

Specialist Software Engineer

01/2022 - 06/2022

- Architected scalable AWS cloud solutions, reducing infrastructure costs by 25% and enhancing system reliability.
- Led the migration of legacy applications to cloud-native services, streamlining operations and improving deployment efficiency.
- Implemented CI/CD practices using GitLab CI and Jenkins, accelerating release cycles by 50% while lowering failure rates.
- Automated configuration management processes with Ansible, achieving a 70% decrease in manual workload and ensuring deployment consistency.

Experience

Motorola Solutions (Kodiak Networks)

Bengaluru

Analyst – Customer Success

12/2020 - 01/2022

- Streamlined workflows using Git version control, reducing merge conflicts by 30% and enhancing team collaboration.
- Optimized Jenkins-driven CI/CD pipelines, achieving a 40% reduction in release cycle times through automation practices.
- Architected and deployed scalable Kubernetes clusters on AWS (EKS), maintaining 99.9% uptime and improving application performance.
- Led Docker containerization initiatives, ensuring environment consistency across development, testing, and production stages.
- Enhanced system reliability by 25% through orchestrating container workloads on Kubernetes with advanced scaling techniques.
- Collaborated with QA teams to implement automated testing frameworks, resulting in a 35% decline in post-release defects.

BNP Paribas

Chennai

Associate Level I

08/2018 - 04/2020

- Architected and implemented Jenkins pipelines as code, improving CI/CD workflows and reducing release timelines by 40%.
- Enhanced automation in microservices environments using CI/CD best practices, increasing deployment frequency and reducing errors by 30%.
- Leveraged JFrog Artifactory for efficient artifact management, accelerating package distribution and improving delivery efficiency by 25%.
- Established observability frameworks with Prometheus and Grafana, enhancing proactive issue detection and reducing incident bottlenecks by 35%.

State Street HCL Services

Chennai, India

Sr Analyst

09/2017 - 07/2018

- Enhanced Linux system performance and reliability by implementing real-time monitoring solutions, increasing uptime by 75%.
- Managed over 250 package installations and conducted 50 kernel upgrades, ensuring optimal system stability.
- Developed and optimized scripts in Python and Bash to automate operational workflows, reducing manual intervention by 30%.
- Collaborated with cross-functional teams to troubleshoot and mitigate system issues, minimizing downtime and improving response times.

State Street HCL Services

Chennai, India

Analyst

05/2015 - 12/2016

- Administered Linux servers to achieve and maintain 95%+ SLA adherence for operational reliability.
- Optimized system performance by implementing proactive monitoring of CPU, memory, and disk utilization.
- Systematized routine administrative tasks using Shell scripting, resulting in a 30% reduction in manual efforts.
- Collaborated with team members to troubleshoot and resolve server-related issues, enhancing overall system uptime and stability.
